

## Topic: Stop Bullying

**Objective :** Enhance students' ability to incorporate the skills they learn in school with real-life situations .This includes team-working skills , proper communication as well as develop their own personal characteristics such as their self-esteem and their ability to express themselves.

## Assessed Subjects

Subject	Subject specific objective
English	Oral and speaking skills
Math	
Global perspectives	Communication and collaboration

## Project description

Students are expected to prepare posters, slide shows, models, or any other visual aids raising awareness among the school community – children, youth, parents and school staff about the harm that bullying and cyberbullying cause and how children & young people can be protected. They will then present their work to their peers and provide solutions to the problem.

## Teams

Students will;

- I. work in groups of 3 or 4 assigned by the teacher.
- II. prepare posters, slide shows, models, or any other visual aids to present their work.
- III. be allowed 10 min to present their work.
- IV. work on their projects only during school times.

## Outcome

Subject	Deliverable / Outcome
English	Oral presentation of the product the students choose.
Math	
Global perspectives	<p>Power Point Presentation that includes the following:</p> <p><b>Work</b></p> <p><b>The PowerPoint slides should be 6-8 slides and needs to include:</b></p> <ol style="list-style-type: none"> <li>1. Introduction of bullying and issues related to earthquakes</li> <li>2. Highlight causes and consequences for others</li> <li>3. Course of actions (suggest solutions with some reasoning)</li> <li>4. Conclude (wrap-up)</li> <li>5. Resources (referencing sources)</li> </ol>

## Audience

Class peers

## Submission deadline

May, 20<sup>th</sup> 2023
