

# E-LEARNING

By Isaiah Miles

## WHAT IS E-LEARNING

electronic learning or e-learning is the providing of education and training using digital technology. This includes tablets, computers, and smartphones.

## WHAT ARE SOME USES OF E-LEARNING?

E-learning can be used for many things, but the most common are: Training employees, Teaching customers how to use a product, and online classes for universities and schools

## WHAT ARE SOME BENIFITS OF E-LEARNING?

Some benefits are: costs are reduced, learning can be customised easier, it can be faster, and people from all over the world can be in the same class.

## LUCK- WHAT ARE SOME DISADVANTAGES OF E-LEARNING

Some disadvantages of e-learning are: extra training is needed for instructors, and technical issues can happen,
