

BE AWARE OF CYBERCRIME

PROTECT YOUR INFORMATION

Keep personal information such as passport numbers, social security numbers, bank accounts and credit card accounts safe and avoid sharing them with strangers online.

KNOW HOW TO IDENTIFY A PHISHING ATTACK

Be careful of fake shopping websites or fake emails that look like coming from the bank.

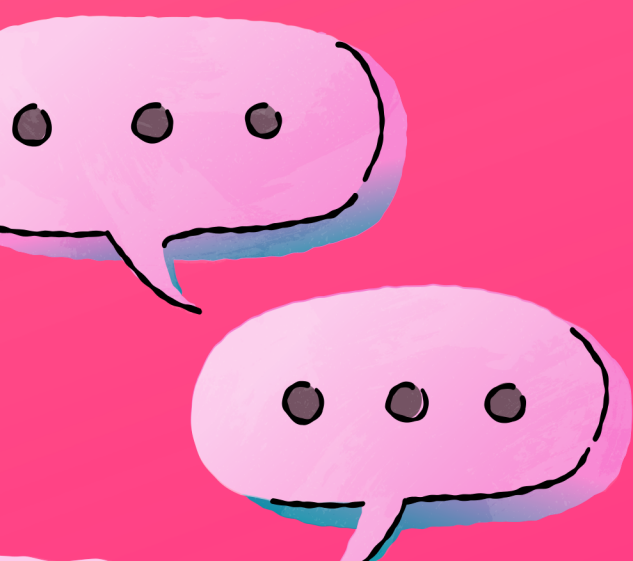

STAY AWAY OF THREATS

Use privacy settings, watch for scams, viruses, hackers and report any illegal activities.

USE STRONG PASSWORDS

Choose your passwords wisely. Choose unique, strong passwords and never share them with others!

BE A GOOD DIGITAL CITIZEN

Treat others online with respect and avoid harmful behavior.
