Design a form

Imagine you have designed a new website about your preferred computer game.

Your website has a chat room so that friends can discuss the game and share tips on how to play.

What information will you collect from your friends when they register?

1. (Basic Information: Name, email address, user name, and possibly a password for login.)
2. (Contact Details: Address, phone number (optional country).)
3. (Profile Information: Bio, Profile pictures, cover photo)
4. (Optional Information: Age, gender, occupation and any additional details that might personalize their experience)

Design a registration form to use on your website for registration, taking into consideration to add a star for the required fields.
