Me, My Body & My Family
September-October 2023

Date: 19/9/2023

Dear Parents,

During the theme unit of this month "Me, My Body & My Family", the children will learn about: body parts/ facial parts/ five senses/ feelings /manners and behaviour/ personal hygiene and safety/ similarities and differences while comparing children from different countries that have different features of skin, hair, and eye colour/ accepting and respecting others/ traditional costumes from around the world.

We achieve this through actively engaging children in the learning process, where we work on developing teamwork and discussion skills, and help children think scientifically through observation, description, concept categorization, comparison, and information analysis. Additionally, we utilize technology as a means to enhance these skills and expand learning and exploration opportunities. We provide interactive educational resources that make the learning process more engaging and enjoyable.

English Language

-Letters /s/a/t/.

Math Skills

- Numbers 1-3.
- Rote counting from 1-10.
