The Primary Stage of Grades (4-5)
School Year 2022- 2023

**Name:** ___Key_____   **Subject: Science**
                                             Unit 8: Movement of light
                                             Worksheet 2: Practice
Date: /   /   **Class: Grade 5 CP (All sections)**
Objective/s:
- Draw the incident and reflected rays according to the law of reflection.

Question1: The diagrams show a ray of light hitting a mirror. Draw the normal line followed by the reflected ray. Make sure that you use a ruler.
Question 2:

a) Which diagram shows a regular reflection? And which diagram shows a diffuse reflection?

Diffuse Reflection (irregular)

Regular Reflection

b) label the diagram with the following:

Incident ray   Reflected ray   Normal   Mirror

Normal

Incident Ray

Reflected Ray

Mirror
