

Writing #1: Guided Writing

Your friend invented a gadget and named it "The Food Cooler". Her invention was a fork with a fan attached to it to cool down hot food. She wants to promote her invention, but she is not a good writer. You are helping her to write a newspaper report about her invention and to tell everyone about it

Remember to use the Newspaper Report features you learned in class.

Write the headline here in large letters:

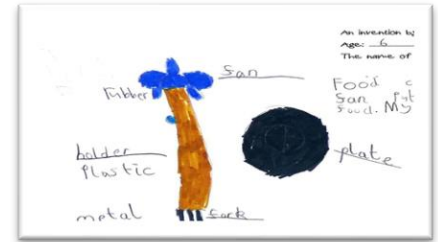

The Super Food Cooler Write the by-line here: **Student's name**

Who was involved? **Any name (ex: Natalie)**

What happened? **She invented a gadget and named it "The Food Cooler"**

When? **Last week**

Where? **At the National Orthodox School's Science Lab**

Write a caption for the picture.
The fork that cools down your hot food

Describe in more detail what happened (how and why). Use some connectives.

Natalie has always found it annoying to eat her food hot, so she tried to attach a fan to her fork. Surprisingly, it worked. Therefore, with the help of her science teacher, Natalie planned and invented a fork with a fan attached to it to cool down her hot food. And she named it the food cooler.

A quote is a comment from someone about what happened. Can you include a quote here? Remember to identify who said it and don't forget the speech marks.

"What an amazing invention!" Her friend Maria commented excitedly.

Describe what happened in the end.

The invention was accepted by the Food and Health Organization, and will be in the market by March 2022.
