Writing notes

A paragraph is made up of sentences.

When you write a paragraph:

1. Leave a space at the beginning of the paragraph.
2. Start each sentence in a capital letter and end it in a full stop.
3. Use commas where necessary.
4. Don't forget to leave a space between words and write neatly.
5. Use the past simple tense.

This was the woolly mammoth. It was a mammal. It was related to today's elephants. It became extinct 10.000 years ago because of the climate change and overhunting. It weighed 5-7 tons and it was 9 - 11 feet tall. It was hairy and it had small furry ears, huge tusks, and short tail. It survived on grass.
